

Jasha Kistler

jkistler@facadegroup.com

Jasha is a Building Enclosure Consultant and Principal. He has local and international project experience in a variety of building sectors. His technical knowledge of the building enclosure along with his business acumen has made him a valuable member of The Facade Group team. He has consulted on over a hundred commercial projects here in the Northwest, throughout the United States, and internationally.

He is an active member of the Portland Building Enclosure Council and ASTM International.

Jasha is an active member of the Portland Building Enclosure Council and an annual guest reviewer for University of Oregon Architecture Program.
